**WORKSHOP FOR MANUFACTURING  
INDUSTRY PROFESSIONALS**

**6<sup>TH</sup> OCTOBER 2017 (FRIDAY)**

# WORKSHOP FOR MANUFACTURING INDUSTRY PROFESSIONALS

## OBJECTIVE

Factors such as intense competition, globalization, customer awareness etc. force manufacturing industries to offer consistently higher product Quality to retain & improve the market share.

Satisfying customers with highest product quality, in shortest possible time & at lowest cost is the key to success of any organization. This necessitates focus on management of quality, which calls for timely identification and application of the most suitable Methodology, Techniques & Tools (MT&T) aligned with your needs.

The scope of MT&T is quite enormous, both in-terms of the “width” (wide range of MT&T) and the “depth” (specific details of individual MT&T for mastering it)

This workshop will focus more on “width” by giving an overview of the comprehensive set of MT&Ts related to Manufacturing Quality in a structured way. This helps timely identification of appropriate MT&T in order to address specific challenge.

## THE GUARANTEED TAKEAWAYS ARE

- Learning from History: Understanding why & how various MT&Ts were evolved to address specific business issues.
- Developing awareness of comprehensive set of MT&T.
- Understanding Cost of Quality & how it impacts bottom line.
- Getting familiar with basic 7 QC tools
- Comparison of MT&T : preparedness & benefits expected.
- Brief on future of Quality function in light of Digitization & Industry 4.0

## FOREWORD BY INDUSTRY PROFESSIONAL

In today's world of cut throat competition, Quality not only improves Customer Satisfaction, Sales and employee morale; reduce overall costs but Quality of product or service also serves as competitive edge for sustaining the business!

**Mr. Tarak Bhagat**

Director

Motion Drivetronics Pvt Ltd, Mumbai

**03:00 PM TO 03:30 PM**  
**REGISTRATION & HIGH TEA**

## **SESSION- I**

**03:30 PM TO 05:30 PM**

### **Evolution of Quality**

- A Brief on historical milestones of Quality.
- Types of Data, Simple tools to interpret data, Process capability & 7 QC Tools
- Statistical Process Control (SPC)
- Cost of poor Quality, Improving bottom line by focusing on specific elements.

## **SESSION- II**

**05:30 PM TO 06:30 PM**

### **Advanced Techniques & Tools**

- From 'Product Quality' to 'Total Quality' Philosophy
- Essence of Corrective & Preventive actions
- Preventive tools Vs Tools for corrections.
- Tools & Techniques for Systematic Problem Solving & Root Cause Analysis.

## **SESSION- III**

**06:45 PM TO 08:30 PM**

### **Quality Philosophies**

- Salient features of QMS, TQM, Six Sigma, Lean, Manufacturing excellence
- Comparison of these above philosophies
- A brief on future of Quality function in light of Digitization & Industry 4.0

***Session III will be followed by dinner from  
8.30 pm onwards***

***“Quality, productivity, and innovation can be significantly increased if companies provide all employees with practical tools for exploiting potential information”***

***- William Hunter***

This workshop will be conducted by **Mr. Makarand Ghare**, Chief Consultant and Trainer at 'The Catalyst'. He has over 33 years of rich experience in light engineering industries covering wide range of products & services. Apart from handling Quality function directly for 18 years, he gained Quality perspectives from the positions of operations head, Sales & Marketing & engineering functions as well. He has worked with reputed companies in India and abroad, holding senior positions.

"The Catalyst" is Nashik based management consulting firm having two verticals, Strategic business consulting & Training. It is founded by **Mr. Pradeep Ghare** and run by a team of professionals catering to many manufacturing companies on PAN India basis. The business advisory function has helped many companies in setting up the framework of Monitoring, Improving and Sustaining business growth. Under training initiative it has wide range like; Management Development Program, Finance for Business Manager, Managerial Effectiveness, Emotional Intelligence, Team Building and so on.
